RE: Water Right Permit 37-8588

Dear Permit Holder(s):

IDWR has previously forwarded you an Application for Amendment so you could amend your permit. The amendment depicts your water right license as it has actually been developed.

To date, IDWR has not received the amendment. If IDWR does not receive the amendment within **14 days**, your license will be issued without the requested changes. This means that your license will be issued without the permissible place of use as described by overlapping water right 02-10434 from the Snake River. The resulting license would then need to undergo a transfer in order to depict the permissible place that had been developed.

Please note that there is a **\$100.00** filing fee for this amendment. A copy of the Application for Amendment is enclosed for your convenience.

If you have any questions regarding this matter, please call me at 208/287-4944.

Sincerely,

Cherie Padilla, Sr. Water Resource Agent
