RE: Transfer Application No. 78316 (Old number 72468)

Dear Mr. Rosa:

As you may recall several years ago you filed an application to transfer irrigation water right no. 37-7447A to a new use of stockwater and commercial use associated with an existing dairy located approximately 1 mile west and 4.5 miles north of Gooding. Protests were filed against the application by Martin & Carolyn Elexpuru, Mary Fields, Mark Shaw, Stanley & Colette Born, Timothy & Kathy Allen, Terry & Kristine Ruby, and Larry & Dianne Velasquez. To date no conference or hearing has been held regarding this protested matter.

The purpose of this letter is to inform you of the renumbering of your application from No. 72468 to **No. 78316** due to modification of the Departments transfer processing computer program. Please refer to this new number (No. 78316) in all future correspondence.

An additional purpose for this letter is to also inquire of your continued interest in your application. Please let me know within **30 days** of your continued interest in this application. **If you fail to respond to this request for additional information your application may be voided.**

If you wish to proceed with this application please provide a list of available dates and times you will be available for holding a pre-hearing conference for this matter during the months of April and May of 2013. If you are still interested in this application I will schedule a conference with you and the protestants during this time period.

If you have questions, please feel free to contact me at this office.

Sincerely,

Allen Merritt, PE
Southern Region Manager
