									L 16								

CONDITIONS OF APPROVAL

1. Upon specific notification by the Department, the right holder shall install a lockable device of a type acceptable to the Department in a manner that will provide the watermaster suitable control of the diversion.
2. Project known locally as Bert Springs Pipeline.
3. This right, when considered with all other rights common to the same grazing allotment, is limited to the quantity of water beneficially used by the number of stock within the allotment.
4. Use of water under this right will be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 73.
5. Source is also known as Bert Springs.

State of Idaho
Department of Water Resources
Water Right License

WATER RIGHT NO. 73-12025

6. This right authorizes the diversion of water to a trough from the same spring that is the source of water for Water Right 73-10630, which was established pursuant to Public Water Reserve 107 and decreed in the Snake River Basin Adjudication.

This license is issued pursuant to the provisions of Section 42-219, Idaho Code. The water right confirmed by this license is subject to all prior water rights and shall be used in accordance with Idaho law and applicable rules of the Department of Water Resources.

Signed this 12th day of February, 2013.
