Re: Water Right # 72-228B, 72-10487

Dear Mr. Baker,

I was reviewing incomplete water rights submitted to The Department of Water Resources and came upon your folder. During the review I noticed you failed to include the fee of \$100 to complete the split for water right 72-228B. Because the Department cannot process the ownership change without the fee the application was delayed for payment.

I have enclosing a copy of your original application (please note the highlighted areas) and a map showing how water right 72-228B needs to be split. Water right 72-10487 was completed before my review and the \$25 fee was applied to its completion. **A fee of \$100** is required to complete the ownership change for water right 72-228B.

Please note that water right owners are required to report any change in water right ownership and/or mailing address to the Department within 120 days of the change. Failure to report these changes could result in a \$100 late filing fee. Contact any office of the Department or visit the Department's homepage on the Internet to obtain the proper forms and instructions.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing an ownership change notice, the department does not review the history of water use to determine if the right has been forfeited through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Sections 42-222 and 42-223, Idaho Code.

If there are any error in information or questions please feel free to contact this office if you have any questions. We will be glad to help. (208) 736-3033

Sincerely,

Carrie Hahn
Clerk
