REF: Corrected Assignment of Permit to include No. 13-7576

Dear Mr. Timmons,

I am currently reviewing the file for water right permit no. 13-7576, for Commercial use. On December 13, 2012, the Department received the required reinstatement fee of \$250. The Assignment of Permit that was submitted at the same time included the following water right permit number nos.: 13-7135, 13-7156, 13-7577. Checking our records, water right permit no. 13-7156 does not belong to you, but rather to Roy and Beverly Peterson of Clifton, Idaho. We think that this may have been a typographical error, and it should have listed water right permit no. 13-7576 instead.

Enclosed, please find a copy of a new Assignment of Permit that includes water right permit no. 13-7576. There is a \$25 fee per permit for an Assignment of Permit. On December 13, 2012, the Department received the Assignment of Permit form with three permits listed, but only received a total of \$25, receipt C096313.

Please **sign and return the notarized form, along with an additional \$50 fee** to cover the cost of all three water right permits being assigned, by January 23, 2013, or the licenses for water right permit no. 13-7576 and 13-7577 will be issued to Robert Timmons and Lou Clayton. The \$25 already received by the Department will be applied to water right permit 13-7135 Irrigation use, with names being changed to Robert Timmons "and" Barbara Senter, unless an updated warranty deed is submitted indicating the connector between the names has been changed to "or."

If you have any questions, please contact me directly at (208) 287-4920.

Sincerely,

Sandy Hemenway
Senior Water Resource Agent
