I talked with James about these rights... He doesn't have the order together... He said to go ahead and return the applications. Forfeiture is going to be an issue on the excess Mr. Pehrson wants to put in the supply bank.

Thanks for all your help and sorry for the work..

Hi Kerrie,

Thanks for keeping us posted. Are you guys putting a deadline for proof? Knowing your timeline will help me decide what to do with the applications.

Monica:

It looks like we have forfeiture issues... Sorry.. James is issuing a notice for the applicant to send proof of use this week. So you may want to send the applications back until the forfeiture issue is resolved...

Thanks for your help,

Kerrie Mathews

Hi Kerrie,

This came up on the file call-up and I just wanted to see if the transfer is nearing approval. Thanks!

Okay, sounds good. If you could send me a quick email when it is approved (or even just reply to this email string), that'd be great. At that point, we'll move on the lease app.

Sorry...

I jumped the gun on sending in the Water Bank application... The transfer has been through advertising and comments.. Just one more issue, hopefully in a week, maybe two I will have it approved...

Thanks,

Kerrie Mathews

I'm getting to remember this one now. I looked at the receipting and it jogged my memory. Sorry for being behind today. If you have an estimate on the transfer approval, though, that'd be great.

Hope you had a good Halloween.

Mr. Pehrson has submitted all required documentation establishing ownership of the water right in its entirety. Please see the corrected warranty deed #245141, I show it was scanned to the transfer app file on Sept 26, 2012. The ownership change will occur within transfer #78059 which has not been approved yet.

If you can't locate this documentation please let me know..

Thanks,

Hi Kerrie,

I'm attaching a letter you sent to Randy Pehrson back in July regarding a deficiency for a change of ownership. He recently filed a lease application for these two water rights. I also see a letter from Sharla regarding an active transfer. Did he file the required change of ownership information? The database does not show him as the owner of record for these water rights. Will there be a split in this transfer?

I hope you can help me. I'd like to get this figured out because the way it is right now, I think we'd deny these Bank applications and not process a refund. Thanks for anything you can tell me.

Monica
