APPLICATION FOR TRANSFER OF WATER RIGHT  
PART 1 Continued

5. General Information:

- a. Describe the complete diversion system, including how you will accommodate a measuring device and lockable controlling works should they be required now or in the future

Water rights will be pumped from up to four wells which could be equipped with flow meters. Water can be pumped from all four points of diversion, placed in a common pipe system to be delivered across the authorized place of use.

- b. Who owns the property at the point(s) of diversion

Some wells are on the Walker property and some are on the Willow Creek property

If other than the applicant, describe the arrangement enabling the applicant to access the property for the diversion system:

There are written and verbal agreements. Willow Creek Enterprises has daily access to the Walker property to operate the farm.

- c. Are the lands from which you propose to transfer the water right subject to any liens, deeds of trust, mortgages, or contracts?

No, ☒ If Yes, ☐

Attach a notarized statement from the holder of the lien, deed of trust, mortgage or contract agreeing to the proposed changes on official letterhead signed by an authorized representative. Label it **Attachment #6**. List the name of the entity and type of lien:

It is the applicant's responsibility to provide notice to lien holder, trustee, mortgagor, or contract holder of the proposed changes that may impact or change the value of the water rights or affected real property. Any misrepresentation of legal encumbrance on this application may result in rejection of the application or cancellation of an approval.

- d. Describe the effect on the land now irrigated if the place or purpose of use is changed pursuant to this transfer:

Transfer proposes to change the place of use to a permissible place of use to give more flexibility in irrigation practices.

- e. Describe the use of any other water right(s) for the same purpose or land, or same diversion system as right(s) proposed to be transferred at both the existing and proposed point(s) of diversion and place(s) use:

- f. To your knowledge, has/is any portion of the water right(s) proposed to be changed:

The Trustee may enter leases and contracts even though the term of the lease or contract may extend beyond the period fixed by statute for leases or contracts made by fiduciaries or beyond the duration of any trust hereunder.

**6.4 Borrowing.** The Trustee may borrow money from any source for the benefit of the Trust Estate, and as security for any such loan, may mortgage or pledge any property in the Trust Estate.
