Subject: Hinckley lease applications

Hi Christine,

I was talking with Rulon Spear today about the David Hinckley water rights 43-2574D, 43-2576D, and 43-10597A. These rights were in the Bank in 2012. I was looking at the applications and at least one of them did not list a lease term. In speaking with Mr. Spear, they want to lease the rights for the full 5 years. I said we would waive the fee since it seems we should have clarified the lease term since it was blank on at least one of the applications. Can you send a lease term extension letter for these rights – lease term extended through December 31, 2016. You can put this email in the file as rationale. Thanks!

Monica
