Dear Mr. Rodgers,

Attached is a copy of an Application for Amendment of permit 86-7372 and cover letters requesting submittal of the amendment with filing fees. In order to recognize all the points of diversion as developed at licensing, permit 86-7372 needs to be amended. I sent an application for amendment o Bonneville Power on January 11, 2013 requesting response within 14 days. I have yet to receive a response. I am sending them a second and final notice to amend the permit so all 4 points of diversion can be recognized as valid when license 86-7372 is issued.

I thought I would send you a copy of the correspondence for your records.

Please let me know if you have any questions.

Thanks,

Craig L. Saxton
