Re: Application to Renew the Leases for Water Rights 95-467 and 95-467A to the Water Supply Bank

December 27, 2012

Dear Ms. Van Bussum:

Enclosed please find applications to renew the leases for water rights 95-467 and 95-467A to the water supply bank together with our check in the amount of \$500. As noted in our original applications, irrigation districts may move water within the boundaries of their service area and no specific acres were identified as not presently receiving water. Consequently no map has been included with these filings. Nothing with regard to the districts operation, including the location and number of acres served has changed since the original applications and approvals.

Please contact us if you have any questions.

Sincerely,

Dalton Gardens Irrigation District
