RE: Water Right No. 45-7385

I request a hearing in this matter. I have several reasons to believe that this water right was developed long before October of 1984. I was not the landowner ~~at~~ until later, but significant investments were made in a well and other equipment prior to that date. Prior to the hearing that I am requesting, I will discover and prepare evidence showing that the water right was in use prior to 1984.
