Re: Transfer of 35-13608

Dear Mr. Cefalo:

The attached transfer application proposes to transfer a 5.0 acre irrigation water right near Aberdeen Idaho to a farm on North Pleasant Valley Road. The transfer proposed to change the POD and POU of water right 35-13608. The diversion limit, volume, acre limit, period of use and nature of use will not be changing. There is an existing irrigation well at this location.

The property in which the water right will be transferred too, is owned by Lance Funk. Lance Funk will be purchasing water right 35-13608 in the near future but the terms of the purchase have not been set.

ESPA model analysis of the proposed transfer indicates that no mitigation will be required because of the transfer. The ESPA model From cell is 77105 and the To cell is 84092.

Please copy our office on all correspondence regarding this application.

Sincerely,

Greg Sullivan, M.S.

Cc: Reid Stewart, Lance Funk

Enc: Aerial Maps, ESPA Model Analysis, Warranty Deeds, Check # 11215 for \$200.00
