DEPARTMENT OF  
WATER RESOURCESSTATE OF IDAHO  
DEPARTMENT OF WATER RESOURCES  
**APPLICATION FOR PERMIT**  
To appropriate the public waters of the State of IdahoIdent. No. 1-106121. Name of applicant(s) Idaho Water Resource Board Phone (208)287-4800  
Name connector (check one): ☐ and ☐ or ☐ and/orMailing address: PO Box 83720 City BoiseState ID Zip 83720-0098 Email: iwrw-info@idwr.idaho.gov2. Source of water supply Snake River which is a tributary of Columbia

3. Location of point(s) of diversion:

| Twp | Rge | Sec | Govt Lot | 1/4 | 1/4 | 1/4 | County     | Source | Local name or tag # |
|-----|-----|-----|----------|-----|-----|-----|------------|--------|---------------------|
|     |     |     |          |     |     |     |            |        |                     |
|     |     |     |          |     |     |     | SEE        |        |                     |
|     |     |     |          |     |     |     | ATTACHMENT |        |                     |
|     |     |     |          |     |     |     |            |        |                     |

4. Water will be used for the following purposes:

Amount 2106 for Recharge purposes from 1/1 to 12/31 (both dates inclusive)  
(cfs or acre-feet per year)Amount \_\_\_\_\_ for \_\_\_\_\_ purposes from \_\_\_\_\_ to \_\_\_\_\_ (both dates inclusive)  
(cfs or acre-feet per year)Amount \_\_\_\_\_ for \_\_\_\_\_ purposes from \_\_\_\_\_ to \_\_\_\_\_ (both dates inclusive)  
(cfs or acre-feet per year)Amount \_\_\_\_\_ for \_\_\_\_\_ purposes from \_\_\_\_\_ to \_\_\_\_\_ (both dates inclusive)  
(cfs or acre-feet per year)5. Total quantity to be appropriated is (a) 2106 cubic feet per second (cfs) and/or (b) \_\_\_\_\_ acre-feet per year (af).

6. Proposed diverting works:

a. Describe type and size of devices used to divert water from the source. Headgates on canals as shown on Attachment

b. Height of storage dam \_\_\_\_\_ feet; active reservoir capacity \_\_\_\_\_ acre-feet; total reservoir capacity \_\_\_\_\_ acre-feet. If the reservoir will be filled more than once each year, describe the refill plan in item 11.

For dams 10 feet or more in height OR reservoirs with a total storage capacity of 50 acre-feet or more, submit a separate Application for Construction or Enlargement of a New or Existing Dam. Application required? ☐ Yes ☐ No

c. Proposed well diameter is \_\_\_\_\_ inches; proposed depth of well is \_\_\_\_\_ feet.

d. Is ground water with a temperature of greater than 85°F being sought? ☐ Yes ☐ Noe. If well is already drilled, when? \_\_\_\_\_; drilling firm \_\_\_\_\_;  
Well was drilled for (well owner) \_\_\_\_\_; Drilling Permit No. \_\_\_\_\_.

7. Description of proposed uses (if irrigation only, go to item 8):

a. Hydropower; show total feet of head and proposed capacity in kW. \_\_\_\_\_

b. Stockwatering; list number and kind of livestock. \_\_\_\_\_

c. Municipal; show name of municipality or the applicant's qualifications as a municipal provider. \_\_\_\_\_

d. Domestic; show number of households \_\_\_\_\_

e. Other; describe fully. Aquifer recharge

8. Description of place of use:

- If water is for irrigation, indicate acreage in each subdivision in the tabulation below.
- If water is used for other purposes, place a symbol of the use (example: D for Domestic) in the corresponding place of use below. See instructions for standard symbols.

| TWP | RGE | SEC | NE |    |    |    | NW |    |    |    | SW |    |    |    | SE |    |    |    | TOTALS |
|-----|-----|-----|----|----|----|----|----|----|----|----|----|----|----|----|----|----|----|----|--------|
|     |     |     | NE | NW | SW | SE | NE | NW | SW | SE | NE | NW | SW | SE | NE | NW | SW | SE |        |
|     |     |     |    |    |    |    |    |    |    |    |    |    |    |    |    |    |    |    |        |
|     |     |     |    |    |    |    |    |    |    |    |    |    |    |    |    |    |    |    |        |
|     |     |     |    |    |    |    |    |    |    |    |    |    |    |    |    |    |    |    |        |
|     |     |     |    |    |    |    |    |    |    |    |    |    |    |    |    |    |    |    |        |
|     |     |     |    |    |    |    |    |    |    |    |    |    |    |    |    |    |    |    |        |

Total number of acres to be irrigated: \_\_\_\_\_

9. Describe any other water rights used for the same purposes as described above. Include water delivered by a municipality, canal company, or irrigation district. If this application is for domestic purposes, do you intend to use this water, water from another source, or both, to irrigate your lawn, garden, and/or landscaping? \_\_\_\_\_

10. a. Who owns the property at the point of diversion? Canal companies
- b. Who owns the land to be irrigated or place of use? Shareholders of canal companies
- c. If the property is owned by a person other than the applicant, describe the arrangement enabling the applicant to make this filing: The property owners within the place of use are shareholders in the designated canal companies

11. Describe your proposal in narrative form, and provide additional explanation for any of the items above. Attach additional pages if necessary. The application is for recharge within the canals themselves.

12. Time required for completion of works and application of water to proposed beneficial use is 5 years (minimum 1 year).

13. **MAP OF PROPOSED PROJECT REQUIRED** - Attach an 8½" x 11" map clearly identifying the proposed point of diversion, place of use, section #, township & range. A photocopy of a USGS 7.5 minute topographic quadrangle map is preferred.

**The information contained in this application is true to the best of my knowledge. I understand that any willful misrepresentations made in this application may result in rejection of the application or cancellation of an approval.**

6. Proposed diverting works:

SCANNED

JAN 15 2013

STATE OF IDAHO  
DEPARTMENT OF WATER RESOURCES

**APPLICATION FOR PERMIT**

To appropriate the public water of the State of Idaho

POINT OF DIVERSION #1

a. Type and size of devices used to divert water from the source: IDAHO IRRIGATION DISTRICT HEADGATE

- b. Height of storage dam \_\_\_\_\_ feet;  
Active reservoir capacity \_\_\_\_\_ acre-feet;  
Total reservoir capacity \_\_\_\_\_ acre-feet;  
c. Proposed well diameter is \_\_\_\_\_ inches;  
Proposed depth of well is \_\_\_\_\_ feet.  
d. Is ground water with a temperature of greater than 85F being sought?  
e. If well is already drilled, when? \_\_\_\_\_;  
Drilling Firm \_\_\_\_\_;  
Drilling Permit No. \_\_\_\_\_.

POINT OF DIVERSION #2

a. Type and size of devices used to divert water from the source: UNITED CANAL COMPANY HEADGATE

- b. Height of storage dam \_\_\_\_\_ feet;  
Active reservoir capacity \_\_\_\_\_ acre-feet;  
Total reservoir capacity \_\_\_\_\_ acre-feet;  
c. Proposed well diameter is \_\_\_\_\_ inches;  
Proposed depth of well is \_\_\_\_\_ feet.  
d. Is ground water with a temperature of greater than 85F being sought?  
e. If well is already drilled, when? \_\_\_\_\_;  
Drilling Firm \_\_\_\_\_;  
Drilling Permit No. \_\_\_\_\_.

POINT OF DIVERSION #3

a. Type and size of devices used to divert water from the source: SNAKE RIVER VALLEY IRRIGATION DISTRICT HEADGATE

- b. Height of storage dam \_\_\_\_\_ feet;  
Active reservoir capacity \_\_\_\_\_ acre-feet;  
Total reservoir capacity \_\_\_\_\_ acre-feet;  
c. Proposed well diameter is \_\_\_\_\_ inches;  
Proposed depth of well is \_\_\_\_\_ feet.  
d. Is ground water with a temperature of greater than 85F being sought?  
e. If well is already drilled, when? \_\_\_\_\_;  
Drilling Firm \_\_\_\_\_;  
Drilling Permit No. \_\_\_\_\_.

STATE OF IDAHO  
DEPARTMENT OF WATER RESOURCES

**APPLICATION FOR PERMIT**

To appropriate the public water of the State of Idaho

POINT OF DIVERSION #4

a. Type and size of devices used to divert water from the source: DIVERSION WORKS FOR PEOPLES CANAL COMPANY

- b. Height of storage dam \_\_\_\_\_ feet;  
Active reservoir capacity \_\_\_\_\_ acre-feet;  
Total reservoir capacity \_\_\_\_\_ acre-feet;.
- c. Proposed well diameter is \_\_\_\_\_ inches;  
Proposed depth of well is \_\_\_\_\_ feet.
- d. Is ground water with a temperature of greater than 85F being sought?
- e. If well is already drilled, when? \_\_\_\_\_;  
Drilling Firm \_\_\_\_\_;  
Drilling Permit No. \_\_\_\_\_.

POINT OF DIVERSION #5

a. Type and size of devices used to divert water from the source: ABERDEEN-SPRINGFIELD CANAL CO. HEADGATE MAIN CANAL DIVERSION TO A SYSTEM OF CANALS

- b. Height of storage dam \_\_\_\_\_ feet;  
Active reservoir capacity \_\_\_\_\_ acre-feet;  
Total reservoir capacity \_\_\_\_\_ acre-feet;.
- c. Proposed well diameter is \_\_\_\_\_ inches;  
Proposed depth of well is \_\_\_\_\_ feet.
- d. Is ground water with a temperature of greater than 85F being sought?
- e. If well is already drilled, when? \_\_\_\_\_;  
Drilling Firm \_\_\_\_\_;  
Drilling Permit No. \_\_\_\_\_.

POINT OF DIVERSION #6

a. Type and size of devices used to divert water from the source: NEW SWEDEN IRRIGATION DISTRICT HEADGATE

- b. Height of storage dam \_\_\_\_\_ feet;  
Active reservoir capacity \_\_\_\_\_ acre-feet;  
Total reservoir capacity \_\_\_\_\_ acre-feet;.
- c. Proposed well diameter is \_\_\_\_\_ inches;  
Proposed depth of well is \_\_\_\_\_ feet.
- d. Is ground water with a temperature of greater than 85F being sought?
- e. If well is already drilled, when? \_\_\_\_\_;  
Drilling Firm \_\_\_\_\_;  
Drilling Permit No. \_\_\_\_\_.

7. Time required for the completion of the works and application of the water to the proposed beneficial use is 5 year(s).

9a. Who owns the property at the point of diversion? If other than applicant, describe the arrangement enabling the applicant to make this filing.  
Refer to 9b

9b. Who owns the land to be irrigated or place of use? If other than applicant, describe the arrangement enabling the applicant to make this filing.

The point(s) of diversion and place(s) of use described by the application are owned by the collaborating recharge partner, in this case Snake River Valley Irrigation District, United Canal Company, Peoples Canal Company, New Sweden Irrigation District, Idaho Irrigation District and Aberdeen-Springfield Canal Company, who own the headgate(s) and water conveyance system(s) in which recharge will occur. An example contract agreement for recharge between the Board and participating canal companies are included with this application detailing the arrangement for recharge

10. Remarks: Refer to attached narrative for overview of application resubmittal and the Board's recharge practices.

11. Map of proposed point of diversion and place of use attached? [yes ]

**WATER CONVEYANCE CONTRACT**  
**BETWEEN THE IDAHO WATER RESOURCE BOARD**  
**AND THE ABERDEEN-SPRINGFIELD CANAL COMPANY**

**CONTRACT No. CON00917**

THIS AGREEMENT is made and entered into this 26<sup>th</sup> day of March, 2012, by and between the IDAHO WATER RESOURCE BOARD (Board) and the ABERDEEN-SPRINGFIELD CANAL COMPANY (ASCC).

**RECITALS**

- A. The Board was created under Article XV, Section 7 of the Constitution of the State of Idaho, with the power to construct and operate water projects.
- B. The Board has approved expenditures for aquifer recharge in 2012. Any unspent balance may be used to fund recharge conveyance in future years.
- C. ASCC operates and maintains an irrigation delivery system.
- D. The Board and ASCC seek to enter into a contract for the delivery of water into the ASCC system for the purpose of aquifer recharge to assist with implementing the Eastern Snake Plain Comprehensive Aquifer Management Plan (CAMP).

NOW, THEREFORE, in consideration of the mutual covenants and contracts herein contained, and other good and valuable consideration, the receipt of which is hereby acknowledged, the parties hereto agree as follows:

1. DESIGNATION OF PROJECT MANAGERS

- A. The Board's Project Manager shall be Bill Quinn, of the Idaho Department of Water Resources. The Director of the Department may change the Board's Project Manager at any time by written notice served on ASCC.
- B. ASCC's Project Manager shall be Steven Howser, ASCC Canal Company.

2. STATEMENT OF PURPOSE

The purpose of this Contract is to provide the conditions for the delivery of water into the ASCC Canal for the purposes of managed recharge to assist with implementing the Eastern Snake Plain CAMP.

### 3. SCOPE OF WORK TO BE PERFORMED

A. ASCC shall deliver the Board's recharge water right (1-7054) or other waters that may be legally available to the Board for aquifer recharge at the request of the Board and when in priority as determined by the Watermaster of Water District, pursuant to Exhibit A, Notice to Proceed, attached hereto labeled as Exhibit A and incorporated by this reference. Recharge may occur before, during or after the delivery of irrigation water.

B. The quantity authorized to be diverted and the time period for recharge will be established in the Notice to Proceed, except that ASCC may reduce or cease delivery of Board's water at its discretion to provide for the needs of its shareholders.

C. No diversion of recharge water shall occur until a Notice to Proceed has been issued by the Board specifically authorizing the date to begin diverting water for recharge and the quantity of water to be diverted.

D. ASCC will provide an accounting of the Board's water delivered to its canal system including an accounting of any of the Board's water not recharged and spilled back to the Snake River. The canal manager or his designee shall report recharge flows to the Board's Project Manager on a regular basis but no less than once weekly during recharge operations. In the event that a report is not filed for two consecutive weeks, the Board will impose a penalty as specified in Section 4. D. herein. In computing accomplished recharge, a conversion factor of 1.9835 acre-feet per day (a-f/d) per cubic feet per second (cfs) shall be used. Miner's inches shall be defined as 50 inches equal to 1 cfs. Discrepancies in flow or volume measurements between the Board and the ASCC shall be resolved before payment will be made.

E. There shall be an acceptable method of measuring delivered water and any spilled water.

F. If spill from the canal system occurs while only the Board's recharge right or other waters specifically identified for recharge purposes are being diverted, the spilled water shall be subtracted from the volume of diverted water. The spilled recharge water shall not be credited as accomplished recharge.

G. If spill from the canal system occurs while diversions for irrigation and recharge are occurring, the spilled water shall be assumed to be in the same proportion of irrigation to recharge as is diverted into the system. The spilled recharge water shall not be credited as accomplished recharge.

H. In the event that the Board's recharge right or other waters identified for recharge purposes are not in priority during 2012 no deliveries shall be made by the ASCC.

I. For the duration of this contract, ASCC shall remain an active participant in the Eastern Snake Plain Comprehensive Aquifer Management Plan (ESPA CAMP) process through its representatives to the ESPA CAMP Implementation Committee and shall not actively oppose the ESPA CAMP process.

J. To the extent possible geographical distribution of recharge shall be managed in accordance with the ESPA CAMP goals.

#### 4. COMPENSATION AND INVOICES

A. The Board shall pay the ASCC three dollars (\$3.00) per acre-foot for accomplished recharge, up to an amount not to exceed thirty six thousand, five hundred dollars (\$36,500).

B. No payment is authorized under this Contract unless a Notice to Proceed has been issued by the Board specifically authorizing the date to begin diverting water for recharge and the quantity of water to be diverted.

C. The amount of water recharged shall be calculated as the amount of the Board's recharge water or other waters legally available for recharge purposes, diverted into the ASCC canal less any water identified for recharge purposes that is spilled back to the Snake River System. During times of irrigation deliveries, only that recharge that occurs at designated off-canal sites shall be recognized.

D. In the event a recharge report is delinquent for two consecutive weeks, the Board will withhold as a penalty an amount equal to 50% of the compensation otherwise due during the delinquent period.

E. ASCC shall submit an invoice for payment in an amount not to exceed thirty six thousand, five hundred dollars (\$36,500) upon successful completion of recharge water delivery. Under no circumstance shall payment authorized under the Notice to Proceed exceed the total amount of compensation authorized under the Contract. The Board shall approve the invoice and provide payment within 30 days from the receipt of the invoice.

#### 5. INSPECTIONS BY THE BOARD

The Board's Project Manager, or his designee, together with the ASCC's Project Manager or his designee, shall inspect or review the work for compliance with the Scope of Work during the term of this Contract.

#### 6. RECORD KEEPING

ASCC shall establish and keep for a period of three years following final disbursement by the Board such financial records as will fully disclose the amount and disposition of the total payment, the purpose or undertaking for which such funds were used, and such other records as the Board may reasonably prescribe.

#### 7. TERM

This contract shall take effect when both parties have signed it and shall continue in effect until December 31, 2012. This contract may be renewed upon execution of an extension amendment by both parties.

8. GENERAL TERMS AND CONDITIONS

ASCC shall abide by all applicable terms and conditions contained in the Standard Contract Provisions, Idaho Water Resource Board, attached hereto as "Attachment A" and incorporated herein by this reference.

9. DUPLICATE ORIGINAL

This contract is executed in duplicate. Each of the documents with an original signature of each party shall be an original.

IN WITNESS WHEREOF, the parties have executed this contract on the date following their respective signatures.

**WATER CONVEYANCE CONTRACT  
BETWEEN THE IDAHO WATER RESOURCE BOARD  
AND THE NEW SWEDEN IRRIGATION DISTRICT**

**CONTRACT No. CON00848**

THIS AGREEMENT is made and entered into this ~~20<sup>th</sup>~~ <sup>APRIL<sup>KS</sup></sup> day of March, 2010, by and between the IDAHO WATER RESOURCE BOARD (Board) and the NEW SWEDEN IRRIGATION DISTRICT (NSID).

**RECITALS**

A. The Board was created under Article XV, Section 7 of the Constitution of the State of Idaho, with the power to construct and operate water projects.

B. The Board has approved the expenditure of up to \$400,000 for aquifer recharge in 2010. However, any unspent balance would be used to fund recharge conveyance in subsequent years.

C. NSID operates and maintains an irrigation delivery system.

D. The Board and NSID seek to enter into a contract for the delivery of water into the NSID canal system for the purpose of aquifer recharge to assist with implementing the Eastern Snake Plain Comprehensive Aquifer Management Plan (CAMP).

NOW, THEREFORE, in consideration of the mutual covenants and contracts herein contained, and other good and valuable consideration, the receipt of which is hereby acknowledged, the parties hereto agree as follows:

**1. DESIGNATION OF PROJECT MANAGERS**

A. The Board's Project Manager shall be Bill Quinn, of the Idaho Department of Water Resources. The Director of the Department may change the Board's Project Manager at any time by written notice served on SRVID.

B. SRVID's Project Manager shall be Kail Sheppard, NSID Canal Company.

**2. STATEMENT OF PURPOSE**

The purpose of this Contract is to provide the conditions for the delivery of water into the NSID Canal for the purposes of managed recharge to assist with implementing the Eastern Snake Plain CAMP.

3. SCOPE OF WORK TO BE PERFORMED

A. NSID shall deliver the Board's recharge water right (1-7054) or other waters that may be legally available to the Board for aquifer recharge at the request of the Board pursuant to Exhibit A, *Notice to Proceed*. Attached hereto is a copy of the *Notice to Proceed* form labeled as Exhibit A and incorporated by this reference. Recharge may occur before, during or after the delivery of irrigation water.

B. The quantity authorized to be diverted and the time period for recharge will be established in the *Notice to Proceed*, except that NSID may reduce or cease delivery of Board's water at its discretion to provide for the needs of its shareholders.

C. No diversion of recharge water shall occur until a *Notice to Proceed* has been issued by the Board specifically authorizing the date to begin diverting water for recharge and the quantity of water to be diverted.

D. NSID will provide an accounting of the Board's water delivered to its canal system including an accounting of any of the Board's water not recharged and spilled back to the Snake River. The canal manager or his designee shall to the extent possible, report recharge flows to the Board's Project Manager on a regular basis but no less than once weekly during recharge operations. In computing accomplished recharge, a conversion factor of 1.9835 acre-feet per day (a-f/d) per cubic feet per second (cfs) shall be used. Miner's inches shall be defined as 50 inches equal to 1 cfs. Discrepancies in flow or volume measurements between the Board and the NSID shall be resolved before payment will be made.

E. There shall be an acceptable method of measuring delivered water and any spilled water.

F. If spill from the canal system occurs while only the Board's recharge right or other waters specifically identified for recharge purposes are being diverted, the spilled water shall be subtracted from the volume of diverted water. The spilled recharge water shall not be credited as accomplished recharge.

G. If spill from the canal system occurs while diversions for irrigation and recharge are occurring, the spilled water shall be assumed to be in the same proportion of irrigation to recharge as is diverted into the system. The spilled recharge water shall not be credited as accomplished recharge.

H. In the event that the Board's recharge right or other waters identified for recharge purposes are not in priority during 2010 no deliveries shall be made by the SRVID.

I. For the duration of this contract, NSID shall remain an active participant in the Eastern Snake Plain CAMP process through its representatives to the CAMP Implementation Committee and shall not actively oppose the CAMP process.

4. COMPENSATION AND INVOICES

A. The Board shall pay the NSID three dollars (\$3.00) per acre-foot for accomplished recharge, up to an amount not to exceed twenty-thousand dollars (\$20,000).

B. No payment is authorized under this Contract unless a *Notice to Proceed* has been issued by the Board specifically authorizing the date to begin diverting water for recharge and the quantity of water to be diverted.

C. The amount of water recharged shall be calculated as the amount of the Board's recharge water or other waters legally available for recharge purposes, diverted into the NSID canal less any water identified for recharge purposes that is spilled back to the Snake River System. During times of irrigation deliveries, only that recharge that occurs at designated off-canal sites shall be recognized.

D. NSID shall submit an invoice for payment in an amount not to exceed twenty thousand dollars (\$20,000) upon successful completion of recharge water delivery. Under no circumstance shall payment authorized under the *Notice to Proceed* exceed the total amount of compensation authorized under the Contract. The Board shall approve the invoice and provide payment within 30 days from the receipt of the invoice.

5. INSPECTIONS BY THE BOARD

The Board's Project Manager, or his designee, together with the SRVID's Project Manager or his designee, shall inspect or review the work for compliance with the Scope of Work during the term of this Contract.

6. RECORD KEEPING

NSID shall establish and keep for a period of three years following final disbursement by the Board such financial records as will fully disclose the amount and disposition of the total payment, the purpose or undertaking for which such funds were used, and such other records as the Board may reasonably prescribe.

7. TERM

This contract shall take effect when both parties have signed it and shall continue in effect until December 31, 2010. This contract may be renewed upon execution of an extension amendment by both parties.

8. GENERAL TERMS AND CONDITIONS

NSID shall abide by all applicable terms and conditions contained in the Standard Contract Provisions, Idaho Water Resource Board, attached hereto as "Attachment A" and incorporated herein by this reference.

9. DUPLICATE ORIGINAL

This contract is executed in duplicate. Each of the documents with an original signature of each party shall be an original.

IN WITNESS WHEREOF, the parties have executed this contract on the date following their respective signatures.

**WATER CONVEYANCE CONTRACT**  
**BETWEEN THE IDAHO WATER RESOURCE BOARD**  
**AND THE SNAKE RIVER VALLEY IRRIGATION DISTRICT**

**CONTRACT No. CON00883**

THIS AGREEMENT is made and entered into this 20<sup>th</sup> day of April, 2011, by and between the IDAHO WATER RESOURCE BOARD (Board) and the SNAKE RIVER VALLEY IRRIGATION DISTRICT (SRVID).

**RECITALS**

- A. The Board was created under Article XV, Section 7 of the Constitution of the State of Idaho, with the power to construct and operate water projects.
- B. The Board has approved expenditures for aquifer recharge in 2011. Any unspent balance may be used to fund recharge conveyance in future years.
- C. SRVID operates and maintains an irrigation delivery system.
- D. The Board and SRVID seek to enter into a contract for the delivery of water into the SRVID system for the purpose of aquifer recharge to assist with implementing the Eastern Snake Plain Comprehensive Aquifer Management Plan (CAMP).

NOW, THEREFORE, in consideration of the mutual covenants and contracts herein contained, and other good and valuable consideration, the receipt of which is hereby acknowledged, the parties hereto agree as follows:

1. DESIGNATION OF PROJECT MANAGERS

- A. The Board's Project Manager shall be Bill Quinn, of the Idaho Department of Water Resources. The Director of the Department may change the Board's Project Manager at any time by written notice served on SRVID.
- B. SRVID's Project Manager shall be Steve Nielson, SRVID.

2. STATEMENT OF PURPOSE

The purpose of this Contract is to provide the conditions for the delivery of water into the SRVID Canal for the purposes of managed recharge to assist with implementing the Eastern Snake Plain CAMP.

### 3. SCOPE OF WORK TO BE PERFORMED

A. SRVID shall deliver the Board's recharge water right (01-7054) or other waters that may be legally available to the Board for aquifer recharge at the request of the Board and when in priority as determined by the Watermaster of Water District 1, pursuant to Exhibit A, Notice to Proceed, attached hereto labeled as Exhibit A and incorporated by this reference. Recharge may occur before, during or after the delivery of irrigation water.

B. The quantity authorized to be diverted and the time period for recharge will be established in the Notice to Proceed, except that SRVID may reduce or cease delivery of Board's water at its discretion to provide for the needs of its shareholders.

C. No diversion of recharge water shall occur until a Notice to Proceed has been issued by the Board specifically authorizing the date to begin diverting water for recharge and the quantity of water to be diverted.

D. SRVID will provide an accounting of the Board's water delivered to its canal system including an accounting of any of the Board's water not recharged and spilled back to the Snake River. The canal manager or his designee shall report recharge flows to the Board's Project Manager on a regular basis but no less than once weekly during recharge operations. In the event that a report is not filed for two consecutive weeks, the Board will impose a penalty as specified in Section 4. D. herein. In computing accomplished recharge, a conversion factor of 1.9835 acre-feet per day (a-f/d) per cubic feet per second (cfs) shall be used. Miner's inches shall be defined as 50 inches equal to 1 cfs. Discrepancies in flow or volume measurements between the Board and the SRVID shall be resolved before payment will be made.

E. There shall be an acceptable method of measuring delivered water and any spilled water.

F. If spill from the canal system occurs while only the Board's recharge right or other waters specifically identified for recharge purposes are being diverted, the spilled water shall be subtracted from the volume of diverted water. The spilled recharge water shall not be credited as accomplished recharge.

G. If spill from the canal system occurs while diversions for irrigation and recharge are occurring, the spilled water shall be assumed to be in the same proportion of irrigation to recharge as is diverted into the system. The spilled recharge water shall not be credited as accomplished recharge.

H. In the event that the Board's recharge right or other waters identified for recharge purposes are not in priority during 2011 no deliveries shall be made by the SRVID.

I. For the duration of this contract, SRVID shall remain an active participant in the Eastern Snake Plain Comprehensive Aquifer Management Plan (ESPA CAMP) process through its representatives to the ESPA CAMP Implementation Committee and shall not actively oppose the ESPA CAMP process.

J. To the extent possible, the Board shall manage geographical distribution of recharge in accordance with the ESPA CAMP goals.

#### 4. COMPENSATION AND INVOICES

A. The Board shall pay the SRVID three dollars (\$3.00) per acre-foot for accomplished recharge, up to an amount not to exceed six thousand dollars (\$6,000).

B. No payment is authorized under this Contract unless a Notice to Proceed has been issued by the Board specifically authorizing the date to begin diverting water for recharge and the quantity of water to be diverted.

C. The amount of water recharged shall be calculated as the amount of the Board's recharge water or other waters legally available for recharge purposes, diverted into the SRVID canal less any water identified for recharge purposes that is spilled back to the Snake River System. During times of irrigation deliveries, only that recharge that occurs at designated off-canal sites shall be recognized.

D. In the event a recharge report is delinquent for two consecutive weeks, the Board will withhold as a penalty an amount equal to 50% of the compensation otherwise due during the delinquent period.

E. SRVID shall submit an invoice for payment in an amount not to exceed six thousand dollars (\$6,000) upon successful completion of recharge water delivery. Under no circumstance shall payment authorized under the Notice to Proceed exceed the total amount of compensation authorized under the Contract. The Board shall approve the invoice and provide payment within 30 days from the receipt of the invoice.

#### 5. INSPECTIONS BY THE BOARD

The Board's Project Manager, or his designee, together with the SRVID's Project Manager or his designee, shall inspect or review the work for compliance with the Scope of Work during the term of this Contract.

#### 6. RECORD KEEPING

SRVID shall establish and keep for a period of three years following final disbursement by the Board such financial records as will fully disclose the amount and disposition of the total payment, the purpose or undertaking for which such funds were used, and such other records as the Board may reasonably prescribe.

#### 7. TERM

This contract shall take effect when both parties have signed it and shall continue in effect until December 31, 2011. This contract may be renewed upon execution of an extension amendment by both parties.

8. GENERAL TERMS AND CONDITIONS

SRVID shall abide by all applicable terms and conditions contained in the Standard Contract Provisions, Idaho Water Resource Board, attached hereto as "Attachment A" and incorporated herein by this reference.

9. DUPLICATE ORIGINAL

This contract is executed in duplicate. Each of the documents with an original signature of each party shall be an original.

IN WITNESS WHEREOF, the parties have executed this contract on the date following their respective signatures.

## **WATER CONVEYANCE AGREEMENT**

### **BETWEEN THE IDAHO WATER RESOURCE BOARD AND THE IDAHO IRRIGATION DISTRICT**

THIS AGREEMENT is made and entered into this \_\_\_\_ day of March 2009, by and between the IDAHO WATER RESOURCE BOARD (Board) and the IDAHO IRRIGATION DISTRICT (IID).

#### **RECITALS**

- A. The Board was created under Article XV, Section 7 of the Constitution of the State of Idaho, with the power to construct and operate water projects.
- B. The Board has approved the expenditure of up to \$150,000 for aquifer recharge.
- C. The IID operates and maintains an irrigation delivery system.
- D. The Board and the IID seek to enter into an agreement for the delivery of water into the IID system for the purpose of aquifer recharge.

NOW, THEREFORE, in consideration of the mutual covenants and agreements herein contained, and other good and valuable consideration, the receipt of which is hereby acknowledged, the parties hereto agree as follows:

#### **1. DESIGNATION OF PROJECT MANAGERS**

A. The Board's Project Manager shall be Bill Quinn, of the Idaho Department of Water Resources. The Director of the Department may change the Board's Project Manager at any time by written notice served on IID.

B. The IID's Project Manager shall be Richard Lockyer, General Manager, Idaho Irrigation District.

#### **2. STATEMENT OF PURPOSE**

The purpose of this Contract is to provide the conditions for the delivery of water into the IID for the purposes of managed recharge during 2009.

### 3. SCOPE OF WORK TO BE PERFORMED

A. IID shall deliver the Board's recharge water right (1-7054) or other waters that may be legally available to the Board for aquifer recharge at the request of the Board and when in priority as determined by the Watermaster of Water District 1. Recharge may occur before, during or after the delivery of irrigation water. In the event of an emergency requiring water to be diverted to any operational spill, IID will cease as quickly as possible the delivery of recharge water.

B. The period of recharge will last from the date of first diversion until the recharge water is no longer in priority, provided that IID may reduce or cease delivery of Board's water at its discretion to provide for the needs of its shareholders.

C. The IID will provide an accounting of Board's water delivered to their canal system including an accounting of any of Board's water not recharged and spilled back to the Snake River System.

D. There shall be an acceptable method of measuring delivered water and any spilled water.

E. If spill from the canal system occurs while only the Board's recharge right or other waters specifically identified for recharge purposes are being diverted, the spilled water shall be subtracted from the volume of diverted water. The spilled recharge water shall not be credited as accomplished recharge.

F. If spill from the canal system occurs while diversions for irrigation and recharge are occurring, the spilled water shall be assumed to be in the same proportion of irrigation to recharge as is diverted into the system. The spilled recharge water shall not be credited as accomplished recharge.

G. In the event that the Board's recharge right or other waters identified for recharge purposes are not in priority during 2009, no deliveries shall be made by the IID.

### 4. COMPENSATION AND INVOICES

A. The Board shall pay the IID three dollars (\$3.00) per acre-foot for accomplished recharge, up to an amount not to exceed fifty thousand dollars (\$50,000). The amount of water recharged shall be calculated as the amount of the Board's recharge water or other waters legally available for recharge purposes, diverted into the IID canal less any water identified for recharge purposes that is spilled back to the Snake River System.

B. IID shall submit an invoice for payment in an amount not to exceed fifty thousand dollars (\$50,000) upon successful completion of recharge water delivery. The Board shall approve the invoice and provide payment within 30 days from the receipt of the invoice.

C. In the event that IID can recharge a volume of water that would result in a conveyance fee exceeding fifty thousand dollars (\$50,000) based on three dollars (\$3.00) per acre foot of accomplished recharge, this contract may be amended according to terms of Section XIII of the Standard Contract Provisions in Attachment A.

5. INSPECTIONS BY THE BOARD

The Board's Project Manager, or his designee, together with the IID's Project Manager or his designee, shall inspect or review the work for compliance with the Scope of Work during the term of this Contract.

6. RECORD KEEPING

IID shall establish and keep for a period of three years following final disbursement by the Board such financial records as will fully disclose the amount and disposition of the total payment, the purpose or undertaking for which such funds were used, and such other records as the Board may reasonably prescribe.

7. TERM

This agreement shall take effect when both parties have signed it and shall continue in effect until December 31, 2009. This contract may be renewed upon execution of an extension amendment by both parties.

8. GENERAL TERMS AND CONDITIONS

IID shall abide by all applicable terms and conditions contained in the Standard Contract Provisions, Idaho Water Resource Board, attached hereto as "Attachment A" and incorporated herein by this reference.

9. DUPLICATE ORIGINAL

This contract is executed in duplicate. Each of the documents with an original signature of each party shall be an original.

IN WITNESS WHEREOF, the parties have executed this agreement on the date following their respective signatures.

**WATER CONVEYANCE CONTRACT**  
**BETWEEN THE IDAHO WATER RESOURCE BOARD**  
**AND THE UNITED CANAL COMPANY**

**CONTRACT No. CON00886**

THIS AGREEMENT is made and entered into this 20<sup>th</sup> day of April, 2011, by and between the IDAHO WATER RESOURCE BOARD (Board) and the UNITED CANAL COMPANY (UCC).

**RECITALS**

A. The Board was created under Article XV, Section 7 of the Constitution of the State of Idaho, with the power to construct and operate water projects.

B. The Board has approved expenditures for aquifer recharge in 2011. Any unspent balance may be used to fund recharge conveyance in future years.

C. UCC operates and maintains an irrigation delivery system.

D. The Board and UCC seek to enter into a contract for the delivery of water into the UCC system for the purpose of aquifer recharge to assist with implementing the Eastern Snake Plain Comprehensive Aquifer Management Plan (CAMP).

NOW, THEREFORE, in consideration of the mutual covenants and contracts herein contained, and other good and valuable consideration, the receipt of which is hereby acknowledged, the parties hereto agree as follows:

1. DESIGNATION OF PROJECT MANAGERS

A. The Board's Project Manager shall be Bill Quinn, of the Idaho Department of Water Resources. The Director of the Department may change the Board's Project Manager at any time by written notice served on UCC.

B. UCC's Project Manager shall be Mike Larsen, UCC.

2. STATEMENT OF PURPOSE

The purpose of this Contract is to provide the conditions for the delivery of water into the UCC Canal for the purposes of managed recharge to assist with implementing the Eastern Snake Plain CAMP.

### 3. SCOPE OF WORK TO BE PERFORMED

A. UCC shall deliver the Board's recharge water right (01-7054) or other waters that may be legally available to the Board for aquifer recharge at the request of the Board and when in priority as determined by the Watermaster of Water District 1, pursuant to Exhibit A, Notice to Proceed, attached hereto labeled as Exhibit A and incorporated by this reference. Recharge may occur before, during or after the delivery of irrigation water.

B. The quantity authorized to be diverted and the time period for recharge will be established in the Notice to Proceed, except that UCC may reduce or cease delivery of Board's water at its discretion to provide for the needs of its shareholders.

C. No diversion of recharge water shall occur until a Notice to Proceed has been issued by the Board specifically authorizing the date to begin diverting water for recharge and the quantity of water to be diverted.

D. UCC will provide an accounting of the Board's water delivered to its canal system including an accounting of any of the Board's water not recharged and spilled back to the Snake River. The canal manager or his designee shall report recharge flows to the Board's Project Manager on a regular basis but no less than once weekly during recharge operations. In the event that a report is not filed for two consecutive weeks, the Board will impose a penalty as specified in Section 4. D. herein. In computing accomplished recharge, a conversion factor of 1.9835 acre-feet per day (a-f/d) per cubic feet per second (cfs) shall be used. Miner's inches shall be defined as 50 inches equal to 1 cfs. Discrepancies in flow or volume measurements between the Board and the UCC shall be resolved before payment will be made.

E. There shall be an acceptable method of measuring delivered water and any spilled water.

F. If spill from the canal system occurs while only the Board's recharge right or other waters specifically identified for recharge purposes are being diverted, the spilled water shall be subtracted from the volume of diverted water. The spilled recharge water shall not be credited as accomplished recharge.

G. If spill from the canal system occurs while diversions for irrigation and recharge are occurring, the spilled water shall be assumed to be in the same proportion of irrigation to recharge as is diverted into the system. The spilled recharge water shall not be credited as accomplished recharge.

H. In the event that the Board's recharge right or other waters identified for recharge purposes are not in priority during 2011 no deliveries shall be made by the UCC.

I. For the duration of this contract, UCC shall remain an active participant in the Eastern Snake Plain Comprehensive Aquifer Management Plan (ESPA CAMP) process through its representatives to the ESPA CAMP Implementation Committee and shall not actively oppose the ESPA CAMP process.

J. To the extent possible, the Board shall manage geographical distribution of recharge in accordance with the ESPA CAMP goals.

4. COMPENSATION AND INVOICES

A. The Board shall pay the UCC three dollars (\$3.00) per acre-foot for accomplished recharge, up to an amount not to exceed five thousand dollars (\$5,000).

B. No payment is authorized under this Contract unless a Notice to Proceed has been issued by the Board specifically authorizing the date to begin diverting water for recharge and the quantity of water to be diverted.

C. The amount of water recharged shall be calculated as the amount of the Board's recharge water or other waters legally available for recharge purposes, diverted into the UCC canal less any water identified for recharge purposes that is spilled back to the Snake River System. During times of irrigation deliveries, only that recharge that occurs at designated off-canal sites shall be recognized.

D. In the event a recharge report is delinquent for two consecutive weeks, the Board will withhold as a penalty an amount equal to 50% of the compensation otherwise due during the delinquent period.

E. UCC shall submit an invoice for payment in an amount not to exceed five thousand dollars (\$5,000) upon successful completion of recharge water delivery. Under no circumstance shall payment authorized under the Notice to Proceed exceed the total amount of compensation authorized under the Contract. The Board shall approve the invoice and provide payment within 30 days from the receipt of the invoice.

5. INSPECTIONS BY THE BOARD

The Board's Project Manager, or his designee, together with the UCC's Project Manager or his designee, shall inspect or review the work for compliance with the Scope of Work during the term of this Contract.

6. RECORD KEEPING

UCC shall establish and keep for a period of three years following final disbursement by the Board such financial records as will fully disclose the amount and disposition of the total payment, the purpose or undertaking for which such funds were used, and such other records as the Board may reasonably prescribe.

7. TERM

This contract shall take effect when both parties have signed it and shall continue in effect until December 31, 2011. This contract may be renewed upon execution of an extension amendment by both parties.

8. GENERAL TERMS AND CONDITIONS

UCC shall abide by all applicable terms and conditions contained in the Standard Contract Provisions, Idaho Water Resource Board, attached hereto as "Attachment A" and incorporated herein by this reference.

9. DUPLICATE ORIGINAL

This contract is executed in duplicate. Each of the documents with an original signature of each party shall be an original.

IN WITNESS WHEREOF, the parties have executed this contract on the date following their respective signatures.
