5. Email Address for Representative: tlr@idahowaters.com
6. Basis of protest: I am protesting the combining of Water Rights 29-13949, 29-13951, 29-13984, 29-13985, 29-13-952 and 29-13950 and the Points of Diversion. The two wells which provide the irrigation water for these Rights are located in the NENWSW of Section 1, T12S, R33E and in the NESESE of Section 2, T12S, R33E which is on the floor of the Bannock Creek Drainage about one mile south, upstream, from the head of Bannock Creek. These wells in combination with two other wells are drying up Bannock Creek and our meadows.
7. What would resolve your protest? In the early years, the well in Section 1 with Water Right No. 29-13984 was irrigating land on the floor of the Bannock Creek Drainage just south of the head of Bannock Creek and would slightly increase the flow of Bannock Creek when it was pumping. If G5 Land Co. can prove that these two wells are not drying up Bannock Creek and our meadows it would resolve my protest.

Receipt - E038314
