RE: Water Right Permit 94-7538

Dear Water Right Permit holder:

The Idaho Department of Water Resources is in the process of reviewing your permit for licensing. It was determined additional information is needed before we can issue a license.

After looking at aerial photos of your property, the examiner cannot determine what kind of dwelling you have on the property. Please respond, in writing, the type of dwelling, i.e. cabin, RV, tent, etc. the domestic portion of your permit is used with. Also, please include whether you irrigate any lawn or garden with the water.

Because the Department cannot proceed without the additional information, we will hold any action on your license pending receipt of the necessary information. Please respond within 15 days so we may complete this process.

If you have any questions, please contact me at (208) 287-4942.

Sincerely,

A handwritten signature in black ink that reads "Jean Hersley". The signature is fluid and cursive, with the first name "Jean" and last name "Hersley" clearly legible.
