WATER RESOURCES

Dear Cherie Palmer,

In regards to Water Right Permit 79-7194, I am sorry I did not get to you're office in Boise. We did make it to Boise but I forgot to come over to see you to discuss this, thank you very much for sending the letter to remind us. We have decided to go ahead and send the \$ 100.00 fee for the amendment to the water right located on BLM. Thank you very much for taking the extra time in this situation over the confusion of ground water and spring water.

I am not aware of the rules for drilling an exploratory hole for minerals on our patented mineral property; I would like to drill a hole approximately 270 ft. Would it be easier to come to you're office in Boise to discuss this or for you to contact me by phone or letter.

Hope you and you're family had a Merry Christmas and things are well with you and you're family.

Sincerely Tom and Sue Lindsey

Tom Lindsey
