Subject: Rental Agreement for WR 74-2320

Monica,

I received your letter from December 18th, notifying the Board that the rental of Water Right No. 74-7320 had expired. The Board submitted a rental application with a 10-year term in 2006. That rental was advertised and subsequently protested by James Whittaker. As you may recall, the Board has negotiated a stipulated agreement with the rental protestant each year of the rental. One condition of the stipulated agreement for the 2012 irrigation season was the collection of monitoring data and submission of that data to Mr. Whittaker. Board staff will submit the data to Mr. Whittaker as soon as the 2012 gage record is finalized in early March. The Board anticipates the negotiation of another stipulated agreement for 2013 at that time.

It is the Board's understanding that the existing rental agreement is sufficient at this time. If that is not the case, please let me know and I will have the Board submit another rental application. I will send you a copy of the stipulated agreement as soon as it is executed.

Thank you.

Morgan
