RE: Notice of Security Interest for Water Right Number(s) 31-7052A, 31-7052B & 31-11778

Dear Interested Parties:

The department acknowledges receipt of a release of Security Interest for the above mentioned water right numbers. During our review the department did not find a security interest listed for any of the water rights above. I have enclosed a copy of a computer generated report of the water rights in question. Because the department did not have Idaho AgCredit listed a security interest holder the department is returning your release request unprocessed. Water Right number 31-11778 has been split into 31-12068, 31-12069, 31-12070 and 31-12071. Idaho AgCredit is listed as a security interest holder on 31-12069 (computer generated report enclosed) if you would like the department to remove your interest in that water right please inform us.

If, at a later date, you wish to reinstate this request you may send the enclosed Security Interest form along with the required information and fees and we will be happy to complete the request for you.

If you have any questions about this matter feel free to contact me at (208) 525-7161.

Respectfully submitted,

Jonie Barg
Technical Records Specialist
