Subject: Water Right Permit No. 31-7656 in the name of C Michael Bennett

November 21, 2012

Re: Permit No. 31-7656

Dear Mr. Shenton,

The Department of Water Resources (IDWR) received a Statement of Completion for Submitting Proof of Beneficial Use on November 5, 2012, from Mr. Bennett (permit holder). Attached to Mr. Bennett's Proof Statement is a letter stating that he contacted you on October 29th, and requested to waive the permit requirement to install a lockable device. Attached is a pdf version of Mr. Bennett's letter to IDWR. In his letter he stated you agreed that a Lockable Controlling Device was not needed. Mr. Bennett's letter also states that you would write a letter to document this decision. As of this date IDWR has not received written notice from you that the lockable device requirement on this permit should be waived. If you agree that this requirement is one that can be waived, you can do so by responding to this email.

Sincerely,

Darla Block
