WATER RESOURCESSTATE OF IDAHO
DEPARTMENT OF WATER RESOURCES
STATEMENT OF COMPLETION
FOR SUBMITTING PROOF OF BENEFICIAL USE

FOR OFFICE USE ONLY	
Amt. of Fee \$:	50.00
Receipt No.:	009689
Receipt By:	HD
Date Received:	11-5-12

The Idaho Department of Water Resources considers this form a statement by the permit holder(s) that development of a water right has been **completed** and that water has been applied to beneficial use to the extent described below. **This form must be accompanied by an examination fee, when necessary, or by a completed Beneficial Use Field Report prepared by a certified water right examiner.** Please refer to the instructions and fee schedule for this form. If ownership of the permit has changed, please contact any Department office or visit the Department's website at: www.idwr.idaho.gov for an *Assignment of Permit* form. If you wish to relinquish your permit because you have not established the authorized use of the water and are not applying for an extension, please notify the Department in writing.

1. Permit No.: 31-07656 Telephone No.: 208-403-15972. Name of Permit Holder(s): C. Michael Bennett3. Mailing Address: 10764 N 55E City: Idaho FallsState: ID Zip: 83401 Email: aguferman@aol.com4. Source of Water: Miners Creek If **GROUND WATER** (well), Date Drilled: mo. ____ / yr. ____

Well Driller: _____ Drilling Permit Number: _____

5. Extent of use(s) completed (as authorized by the water right permit):

Domestic (No. of households): 1 Stockwater (No. and type of stock): _____Irrigation (No. of acres): 1/2 Other: _____6. Total rate of diversion or storage volume for which proof is submitted: .02 cfs OR _____ acre-feet.7. Compliance with a measuring device requirement, lockable controlling device requirement, and/or other conditions of permit: **Refer to the approval conditions on your permit and respond accordingly. The Department will not issue a license if permit conditions are not met.****Measuring Device:** Is a measuring device required?Yes ☒ No ☒

If yes, has the measuring device been installed?

Subject: Permit to Appropriate Water

Question 7 of The Statement of Completion refers to the installation of a Lockable Controlling Device. The pump used to divert water is a portable 5 HP gasoline pump. The pump will only be used intermittently during low water years when water in Miners Creek ceases to flow below the point of diversion and will not reach Beaver Creek. The pump will only be installed and used during those low water years such as occurred in 2012.

During the 2012 Water Year Miners Creek was dry from about the 1st of August to early October.

The water master for Water District 31, Greg Shenton, was contacted on October 29 and requested to wave this requirement. He agreed that a Lockable Controlling device was not needed and he would write a letter to document his decision.
