RE: Water Right Permit 02-7477 in the name of Bob Jensen

Dear Mr. and Mrs. Taylor:

I have attempted several times to contact Mr. Jensen to assign the above referenced water right permit to you. I am not having any luck in obtaining the assignment from him. Since we are not getting a response from Mr. Jensen, it appears we should go ahead and issue the license in his name and then you can file a Notice of Change in Water Right Ownership to change the water right to your names.

On July 24, 2012, I sent to you an aerial photo to mark the location of the pump you use to irrigate this property. Enclosed you will find another aerial photo so we can complete this process. Please mark the location of your pump and the location of any land you are irrigating and return the photo to me so we can proceed. Also, if you can include the size and make of the pump, sprinkler nozzles, or any other items used in diverting water under this permit it would be helpful.

Please submit the aerial photo with your information so we can complete the license process. If you have any questions in regard to this matter, feel free to contact me.

Sincerely,

KAY WALKER
Sr. Water Resource Agent

RE: Permit No. 02-7477

Dear Mr. Jensen:

Enclosed you will find an "Assignment of Permit" form that is partially completed for your convenience. Please note that all you have to do is sign the form in the presence of a notary public. This assignment will transfer the ownership of Permit No. 02-7477 to the Taylor's for the property at 28522 Lower Pleasant Ridge Road in Wilder on the Snake River.

If you have any questions in regard to this matter, please do not hesitate to contact me at (208)334-2190.

Sincerely,

KAY WALKER
Sr. Water Resource Agent

RE: Water Right Permit 02-7477 in the name of Bob Jensen

Dear Mr. Taylor:

We are in the process of reviewing the above permit for licensing purposes and find that you are now shown on the county tax lot records as being the current owner of the property under the permit. Mr. Howard Smallwood received a permit to irrigate 6 acres from the Snake River back in 2000. He submitted his "proof of beneficial use" form in 2001 and it has been up to the Department to complete the licensing process to finalize the water right. The permit was assigned to Bob Jensen in 2004 and he is the current permit holder at this time.

Enclosed, for your information, is a copy of the tax lot in question. The tax lot is shown in red and I have outlined areas that appear to be irrigated in green. With all the trees on the property it is hard to tell where the irrigation is occurring so we need your help in documenting the place of use. Please review the aerial photo and mark any areas that are irrigated that I have not included, and mark the location of the pump on the river. If you have any other information, such as the size and make of the pump, sprinkler nozzles, etc. that would be helpful in this process feel free to include this information also.

The permit is considered personal property so we cannot change the name without an assignment of permit from the current owner to you. If Mr. Jensen is not available, we can issue the license in his name and then you can submit a "Notice of Change in Ownership" once the license is issued to change the water right to your name.

If you have any questions concerning this matter, or need to come into the office for assistance, feel free to contact me at 334-2190.

Sincerely,

KAY WALKER
Sr. Water Resource Agent
