Re: Smokey Dome LLC mitigation for 37-8859

Dear Mr. Merritt:

The attached letter and mitigation plan have been prepared to satisfy the mitigation requirement for two ponds owned and managed by Smokey Dome LLC. The mitigation plan provides a method to offset the volume of water required to fill the two ponds each annually.

Please contact me you have any questions regarding this mitigation plan.

Sincerely,

Greg Sullivan, M.S., Engineer

Re: Smokey Dome LLC mitigation for 37-8859

Dear Mr. Merritt:

Water permit 37-8859 is owned by Smokey Dome LLC and has a beneficial use of Wildlife Storage and Aesthetic Storage with a volume of 2.5 AFA. The following mitigation plan is being submitted to the Idaho Department of Water Resources to offset the 2.5 AFA required to fill two ponds covered by 37-8859 and the annual evaporation loss from the two ponds.

On August 21, 2012, Greg Sullivan of Brockway Engineering visited the two ponds owned by Smokey Dome LLC and measured the dimensions of the two ponds. The combined volume of both ponds was calculated to be 2.4 acre-feet. These ponds will be filled in the Spring and will be dry in the Fall. The ponds volume of water stored is dependent on the water flow in the West Fork of Three Mile Creek.

The combined water loss from evaporation based on data for shallow ponds from the Evapotranspiration and Consumptive Irrigation Water Requirements for Idaho, at the Fairfield Agrimet Station is calculated to be 1.5 AFA.

The total volume of water that requires mitigation is 3.9 AFA. Based on the precipitation deficit requirement of 2.26 feet per acre for pasture grass in the Fairfield area, a total of 1.7 acres of pasture grass will be required to be dried up to offset the 3.9 AFA.

The mitigation requirements will be satisfied by drying up 1.7 acres or 0.04 cfs of 37-368A. Diamond/Soldier Properties LLC owns water right 37-368A. Water right 37-369A has a diversion limit of 2.7 cfs and can irrigate 112 acres. The 1.7 acres is located in Township 1 North, Range 13 East, Section 23, in the NENW (See attached map).

The 1.7 acres will remain set aside for mitigation for an indefinite period. The non-use of 1.7 acres will begin in the Spring of 2013.

Sincerely,

Smokey Dome LLC
