Conditions of Approval:

1. C18 This partial decree is subject to such general provisions necessary for the definition of the rights or for the efficient administration of the water rights as may be ultimately determined by the Court at a point in time no later than the entry of a final unified decree. Section 42-1412(6), Idaho Code.
2. The rediversion of water under this right from the Teton River is limited to the lesser of the quantity available at the point of diversion or the point of injection.
3. X53 Diversion of water from the Teton River is limited to those times water is available for diversion under this right from the point of diversion on Boquet Creek.
4. G01 Point of injection into and point of rediversion from Teton River.
5. E55 Right Nos. 22-230B and 22-13944 are limited to the irrigation of a combined total of 40 acres in a single irrigation season.
6. R05 Use of water under this right will be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 1.

7. E51 Right Nos. 22-230B and 22-13944 are limited to a total combined diversion rate of .64 cfs.
8. K02 This right is based upon an enlargement of Right No. 22-230B pursuant to Section 42-1426, Idaho Code.
9. R43 The right holder shall maintain a measuring device and lockable controlling works of a type approved by the Department in a manner that will provide the watermaster suitable control of the diversion and rediversion.
10. C11 This water right is subordinate to all water rights with a priority date earlier than April 12, 1994, that are not decreed as enlargements pursuant to Section 42-1426, Idaho Code. As between water rights decreed as enlargements pursuant to Section 42-1426, Idaho Code, the earlier priority right is the superior right.
11. K09 This right is for an enlargement of 8.25 acres within the place of use described for this right.
