

I Phil Blick am requesting a hearing on Water right 36-7291A. I got a letter dated Dec. 14th - 2012 saying th State of Idaho had previously sent me a letter to inform me of the opportunity to file an objection with the SRBA Dist. Court. I never did get this letter and was surprised to read this letter I got 12-22-12.

I do not agree with the date stated. The well was drilled in 1970 as reported by the well driller (copy attached.) and I think we put the pump in and put the water to beneficial use around 1972-73. Priority Date - 03-13-1973 - Basis Licence - Status - Active. So please let me know what I need to do and when I can appear.

Thank you
Phil Blick
