RE: Water Right Permit No. 13-07514

Dear Permit Holder(s):

The Department of Water Resources is reviewing the permit referenced above prior to issuing a water right license. By issuing a license, the Department confirms the extent of development that has been established in compliance with the terms of the permit. Changes that do not increase the authorized use of water under the permit can be requested and approved in accordance with Section 42-211, Idaho Code. Before a license can be issued, your permit must be amended to depict your water use as it was actually developed.

The following elements must be modified on your permit:

_____ **Point(s) of Diversion**

_____ **Place(s) of Use**

☒ **Other (change the nature of use from domestic to municipal)**

The enclosed Application for Amendment form depicts the elements of the water right as they will appear on the license when it is issued. Please review the amendment form carefully. If you concur with the information presented, please sign the form and return it with the \$100.00 filing fee within 14 days.

If you have any questions, please call me at (208) 287-4944.

Sincerely,

Cherie Palmer, Sr. Water Resource Agent
