This matter having come before the Idaho Department of Water Resources (“Department”), the Department finds, concludes and orders:

**FINDINGS OF FACT**

1. On December 11, 2008, the Department issued the above-captioned permit in the name of Darling International Inc., with the condition that proof of construction of works and application of water to beneficial use (proof of beneficial use) be submitted to the Department on or before December 1, 2012. The permit bore the priority date of April 4, 1996.
2. On September 28, 2012, the Department notified the permit holder that proof of beneficial use was due and instructed the permit holder of the steps to be taken to submit the proof or a Request for Extension of Time (“extension request”).
3. On December 1, 2012, the permit lapsed since the Department had not received an acceptable proof of beneficial use statement or request for extension of time.
4. On December 10, 2012, the permit holder filed a Statement of Completion for submitting proof of beneficial use.

**CONCLUSIONS OF LAW**

Section 42-218a, *Idaho Code*, provides that the Department may reinstate a permit upon a showing of reasonable cause by the permit holder within sixty days of the date of notice of lapsing.

The permit holder has provided a reasonable showing why this permit should be reinstated, by submitting an acceptable proof of beneficial use. The permit shall be reinstated based upon the August 23, 2012 filing date.

**ORDER**

IT IS HEREBY ORDERED that Permit No. 63-12333 is **REINSTATED** and the permit's priority date is advanced to April 13, 1996.

DATED this 20th day of December, 2012.
