Re: Application for Permit No(s). 36-16948

Gentlemen:

Regarding your letter of Sept. 27, 2012 and the attached protests to the subject application, we (the applicant) agree with the protesters that the Point of Diversion shown on our request was located in the wrong place and should have been located down adjacent to Highway 30, where the flow meets the Curran Ditch. We have depicted this location on a photograph (attached), and agree with the protester(s) that this is the proper location for the POD. We are sorry that we didn't catch this error sooner, and hope this letter will serve to finalize this matter.

Please feel free to contact me if further actions is needed from us.

Very truly yours,

A handwritten signature in black ink, appearing to read 'Wayne Roth', with a stylized, cursive script.
