Re: Water Right No. 37-7808

Dear Shelley:

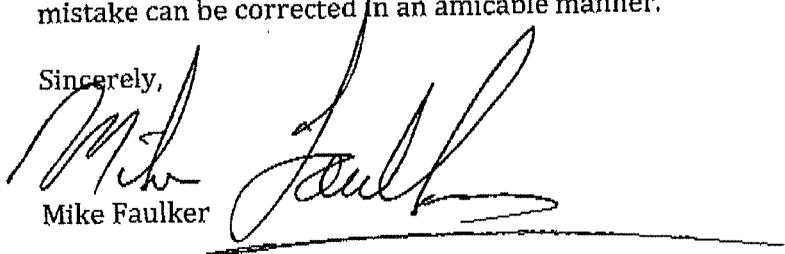

We have been forwarded your letter dated December 14, 2012, stating that you had previously sent us a letter informing us of the opportunity to file an objection with the SRBA District Court if we felt that our water right (referenced above) should be entitled to unqualified subordination protection if the minimum stream flows at Murphy gage are not met. **We did not receive that letter!** Your letter further states that since we did not file an objection with the SRBA Court, our water right would be subject to call if the flows at the Murphy gage are not met.

We would like to file for reconsideration of the Department's ruling for two reasons:

1. We were not notified of our opportunity to object.
2. Our water right has a November 16, 1979 priority date, which pre-dates the Swan Falls Agreement.

Thank you for your time and consideration in this matter. We sincerely hope this mistake can be corrected in an amicable manner.

Sincerely,

Mike Faulker
