PROOF DEFICIENCY LETTER

RE: Permit No. 69-11522

Dear Permit Holder(s):

The Department has received your Statement of Completion for submitting proof of beneficial use ("proof") filed for the above referenced water permit. However, the Department cannot accept the form you filed because of incomplete or missing information. Item no. 6 of the proof form is incomplete. I am returning the original form to you and ask that you complete item no. 6 of the form and return it to my attention. To provide you with information regarding the permitted water uses, enclosed is a copy of this permit for your reference. Please note that this permit allows domestic use for 1 home and irrigation use for 2 acres.

The Department has also received an "Assignment of Application for Permit" form assigning ownership from George Stevens to Randy Stevens. The Department is unable to accept the form you filed because this water right is in the permit stage, and an "Assignment of Permit" form is required to make a change in ownership of a permit.

Please note that it must be both current owners that are assigning this permit over, and the assignment of permit form must show all new owners including the other owner that will remain. I am returning the Assignment of Application for Permit form you filed, and ask that you complete the enclosed Assignment of Permit form instead.

The fee received under check no. 4083 was in the amount of \$100.00. The Department is unclear as to why that amount was submitted. The license examination fee for this permit is \$50.00, and the fee for filing an assignment of permit is \$25.00. Once both acceptable forms have been returned to my attention, and I have been able to process both, I will initiate the process to refund the extra \$25.00 you submitted.

If you have any questions, please feel free to contact me at 208-287-4945.

Sincerely,

Dana Block
