RE: Water Right Permit No. 65-23525

Dear Permit Holder(s):

On December 5, 2012, the Department of Water Resources received the signed Application for Amendment for licensing purposes you submitted for permit 65-23525. Unfortunately, there was an error in the volume description. The amendment you submitted listed an annual volume of 10.3 acre feet for irrigation purposes. The Department of Water Resources Beneficial Use Examination rules (IDAPA 37.03.02.035.01.j(2).vii) exempts the addition of an annual volume limitation for irrigation from surface water sources.

Enclosed is a replacement application for amendment without an annual diversion volume for irrigation purposes.

Please sign and submit the replacement application for amendment and return them to this office within 14 days of receiving this letter.

By submitting the enclosed application for amendment, IDWR will consider it a request to withdraw the original amendment received on December 5, 2012, and replace it with the new amendment. **Fees paid in December will be applied to the current applications for amendment so no additional fees are required.**

I am very sorry for the inconvenience. Please feel free to contact me with any questions at (208) 287-4916.

Respectfully,

Craig L. Saxton
Water Rights Supervisor
