RE: Ownership Change for WR No. 65-21252

Date: December 6, 2012

.....

A Notice of Change in Water Right Ownership was received on 7/30/2012. The ownership change was not completed and was returned to the applicant on 10/18/2012. This was due to the applicant not submitting requested information to the department within the given 30 days.

On 10/19/2012 the applicant Deborah Wilson called and said she would submit the application again and asked that we not refund her money, she would be able to submit the needed documentation to the Department within another 30 days.

The Notice of Change in Water Right Ownership was received again on 10/26/2012. The requested information was not received within the additional 30 days given.

The application was sent back to the applicant on 12/7/2012 and a refund is to be requested.

Ms. Wilson sought to be the only current owner listed for the above referenced water right. However, the documentation submitted to the Department did not support this.
