WATER RIGHT NO. 61-2208
As Modified by Transfer No. 77754

CONDITIONS OF APPROVAL

3. Pursuant to Section 42-1412(6), Idaho Code, this water right is subject to such general provisions necessary for the definition of the rights or for the efficient administration of water rights as may be determined by the Snake River Basin Adjudication court at a point in time no later than the entry of the final unified decree.
4. After specific notification by the Department, the right holder shall install a suitable measuring device or shall enter into an agreement with the Department to use power records to determine the amount of water diverted and shall annually report the information to the Department.
5. The quantity of water decreed for this water right for domestic use is not a determination of historical beneficial use and shall not exceed 13,000 gallons per day.
6. This right is limited to the irrigation of 60.0 acres within the place of use described above in a single irrigation season.
7. The period of use for the irrigation described in this approval may be extended to a beginning date of 3/15 and an ending date of 11/15 provided that beneficial use of the water can be shown and other elements of the right are not exceeded. The use of water before 4/1 and after 11/1 is subordinate to all water rights having no subordinated early or late irrigation use and a priority date earlier than 10-26-2000.
8. The rights listed under Transfer 77754 are limited to the irrigation of a specific 783 acres within the 1605 acre place of use authorized by this right in a single irrigation season. The specific 783 acres to be irrigated by the right holder shall be identified prior to use by submittal of a land list and a representative electronic shape file or by submittal of a land list and a map sufficiently detailed to allow creation of an electronic shape file to be associated with this right. Before changing the 783 acres to be irrigated within the 1605 acre place of use, the right holder shall submit a new land list and representative electronic shape file or map to the Department prior to the irrigation season in which the change will occur.
9. Rights 61-281C, 61-282C, 61-358C, 61-361C, 61-362E, 61-2006F, 61-2208 and 61-10377C when combined shall not exceed the irrigation of 308.0 acres within the place of use described above in any irrigation season.
10. This right when combined with all other rights shall provide no more than 0.02 cfs per acre nor more than 4.0 afa per acre at the field headgate for irrigation of the place of use.

This water right is subject to all prior water rights and shall be administered in accordance with Idaho law and applicable rules of the Department of Water Resources.
