Describe what work has been completed toward the development of this water right:

If no work has been completed, show "none".

We have installed a well, pumps, faucets, we have a wheel line.
We have a measuring device installed but have not hooked up
the solar power to measure the water. During the spring we
have run the hot water through pvc to keep our garden from
freezing. We have run the wheel line but need to
and harvested a limited amount of
alfalfa & grass.
 Costing \$51,000.00

The permit holder(s) has been unable to complete the remainder of the work for the following reasons:

We have had to buy three pumps so far done to a best well. We
would like to drill another well due to the fact there is only ~
25 gallons a minute. It will take us two years to be able to afford
another well. We also would like this time to install more
drip & waterlines for greenhouses & to avoid using sprinklers which waste

Permit holder(s) request an extension to October 1st, 2014.
Year charged per email 8/25/12 → 2017. (DAB) swimming pool
