RE: Notice of Change in Water Right Ownership
Water Rights: 25-11825

Dear Sir/Madam:

The Idaho Department of Water Resources has recently received your Notice of Change in Water Right Ownership ("ownership change") for the water rights listed above. An initial review of the ownership change indicates that a copy of your 'recorded' deed is required before the ownership change can be completed. On September 7, 2012 the department contacted you and requested the additional information as of the date above the department has not heard anything further.

Please refer to Idaho Code § 42-248 for information regarding the filing fees and late fees associated with ownership changes.

In order to verify ownership of the water right(s), we need a copy of all deeds, or other documents, conveying the property and/or the water right(s) from the individual currently listed as the owner on the right(s) forward. The water right(s) list Scott Wells as the current owner.

Because the Department cannot process the ownership change without proper documents/fees, we will hold any action on your ownership change pending receipt of the necessary documents/fees. If we do not receive the requested documents/fees within 30 days, we will return your ownership change and all attachments and will refund any fees paid.

Please feel free to contact me if you have any questions.

Sincerely,

Jonie Barg
Technical Records Specialist
