RE: Water Right Change of Ownership #34-00147 & #34-00148

Dear Ms. Pearson,

First, I apologize for being so tardy in returning this information. You wrote to me earlier this year inquiring for further documentation for the change of ownership of water rights #34-00147 & #34-00148. After nearly completing the handling of my mother's estate and simultaneously moving my family 3000 miles, it simply fell into the black hole of my desk.

With that, I am attempting to now get caught up. I have enclosed the following documents:

- ~ Check #6173 for \$50 (\$25 per water right)
- ~ Notice of Change in Water Right Ownership form
- ~ Appointment naming me as Personal Rep. of the Estate of Elizabeth I. Riseden
- ~ Personal Representative's Deed transferring ownership of land and water rights
- ~ Parcel map of property
- ~ Change in Address form, previously submitted to your office

I hope that this information is sufficient to cause the transfer of water rights. If you require additional information, please contact me at home (703) 273-0173 or via email va.desertrat@gmail.com. I thank you for your time and patience with me in resolving this matter.

Sincerely yours,

Mary Claire Boucher
