DEPARTMENT OF
WATER RESOURCES

Good Morning Steve,

Please find attached the ownership change and water supply bank applications for the Cornelison water right 29-14016.

I indicated the water right will only be leased to the water supply bank through the end of next year (2013). We can extend that in the future but keep in mind that it will require an additional application fee.

If you can have the Mayor sign the lease and ownership change forms where indicated and return them to me with a check made out to the Idaho Department of Water Resources for \$275 (\$25 for the ownership change + \$250 for the water supply bank lease application) then I will submit them to the IDWR with a letter explaining the water wasn't used this year and could be available for mitigation in 2012 if that is acceptable to the Water Resource Board. I will copy you on the complete submittal.

Give me a call/e-mail if you have any questions.

Thanks,

Jason C. Helms, P.E.
