RE: Scheduling Field Exam for Water Right Permit No. 65-22884

Dear Mr. and Mrs. Cavanaugh:

We are planning to conduct water right examinations in the vicinity of the above-referenced permit during the week of August 20, 2012. An examination is needed to verify the water use in order to issue a water right license.

The above-referenced permit authorizes use of unnamed stream water for irrigation of 3.7 acres. I have enclosed a water permit report and map depicting the permit place of use and point of diversion for your reference.

The current water right permit owner of record is Joel Alva Flake Jr. We have been unable to contact Mr. Flake. Boise County tax lot information indicates you may own the place of use property associated with this permit. A water right permit is personal property of the permit owner. It remains personal property unless it is assigned to a new owner. I have enclosed a Water Right Ownership packet for your information. This packet includes forms necessary to update ownership of the above referenced water right permit. **Please call me at 208-334-2190 by August 17, 2012 with any questions you may have and to schedule an exam appointment.** If there is a problem with scheduling or conducting the examination at this time, please call and other arrangements can be made. I appreciate your attention in this matter and I look forward to hearing from you.

Sincerely,

Angela M. Grimm, P.G.
Water Resource Agent, Sr.
