ACTION OF THE DEPARTMENT OF WATER RESOURCES

I, JOHN WESTRA, of the Department of Water Resources hereby approve the
above Application for Amendment for Permit No. 63-12608 with the following:

CONDITIONS OF APPROVAL

1. Domestic use is for 10 homes.
2. The domestic use authorized under this right shall not exceed 13,000 gallons per day per home.
3. The irrigation occurring under this domestic use shall not exceed 1/2 acre within each platted subdivision lot upon which a home has been constructed. This right does not provide for irrigation of common areas or for irrigation of lots upon which homes have not been constructed.
4. The following rights are diverted through point of diversion described above: 63-12350, 63-30404 & 63-12608
5. Rights 63-12350, 63-30404 and 63-12608 when combined shall not exceed a total diversion rate of 0.11 cfs.
6. When ordered by the Director, the right holder shall provide mitigation acceptable to the Director to offset depletion of lower Snake River flows needed for migrating anadromous fish. The amount of water required for mitigation, which is to be released into the Snake River or a tributary for this purpose, will be determined by the Director based upon the reduction in flow caused by the use of water pursuant to this right. Any order of the Director issued in accordance with this paragraph shall be in conformance with applicable rules allowing the right holder due process as the need for mitigation and the amount of mitigation are determined.

Witness my hand this 31st day of October, 2012.
