RE: 63-11786, 63-11787, and 63-11788 PERMITS SUBJECT TO LICENSING

Dear Frank

I am reviewing your permits for licensing purposes and I need to confirm some information.

In the aerial photo enclosed I have shown an overview of the approximate place of use (POU) for each of the three rights. Based upon tax lot information it appears that much of the property is now under different ownership. I need to discuss how the ownership changes affect how the wells are being utilized and if ownership changes need to occur.

After resolving the ownership issue, the next step in the process toward licensing the permits is for the department to verify to what extent the elements of the permits have been met.

Ultimately I need to do a field verification of the permits but initially you can reach me at 208-334-2190 (ask for Kelly) and we can discuss the permit and the licensing process in greater detail.

You may also reach me by e-mail at the address shown below.

Sincerely
