RE: Permit Nos. 63-11786 and 63-11788

Dear Permit Holders:

The Department of Water Resources sent you two Application for Amendment forms on October 3, 2012, for the above referenced Permits. The amendments are required because the field examiner who verified the water use established in connection with your permits reported that one or more elements of your water use differs from the permits. As of this date the Department has not received a response.

If we do not receive the amendments within thirty (30) days, I will assume you are no longer interested in obtaining water right licenses and the permits will be voided. In case the amendment forms we sent you have been misplaced, new ones are enclosed.

If you have any questions, please contact me as soon as possible at (208)334-2190.

Sincerely,

A handwritten signature in black ink that reads "Kay Walker". The signature is fluid and cursive, with the first name "Kay" and last name "Walker" clearly distinguishable.

KAY WALKER
Sr. Water Resource Agent
