RE: *Diamond/Soldier Properties LLC*
Application to Lease Portion of Water Right 37-368A to Water Supply Bank

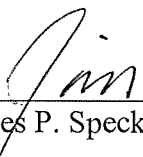

Dear Monica:

Enclosed you will find the original and one copy of the above-referenced Application. The portion of the water right not included in the lease is the 1.7 acres irrigated by this right which will be dedicated to mitigation for a pending permit application. It is my understanding there is no additional fee for this application as it shares a permissible place of use with four other water rights, all of which are the subject of other applications to lease to the Water Supply Bank.

Please receipt date stamp the enclosed copy of the application and return it to us in the envelope provided for that purpose. Call me if you have any questions. Thank you.

Sincerely yours,
