Mail to: Idaho Department of Water Resources, PO Box 83720, Boise, ID 83720-0098

STATEMENT OF COMPLETION

Permit No. 3-10259

Additional Information for Question No. 7:

The diversion in Dough Creek has been installed; black poly water pipe has been installed and buried from diversion to a 1,800 gallon plastic holding reservoir. The waterline has also been installed from the reservoir to the cabin.

A black poly waterline has been installed from the Snake River to the plastic reservoir should Snake River water ever be needed when Dough Creek ceases to run.

At that time the pump will be attached to the pipe. The pump intake has a fish screen attached to it. The pump is stored in the storage shed on the property until it is needed.
