Re Permit To Appropriate Water No. 63-12445

Dear Mr. and Mrs. Baldwin:

The permit referenced above was issued to you for the irrigation of 0.75 acre from ground water. This letter is to request that you call me to schedule the field exam for this permit. The field exam is required by Idaho law before a permit can be licensed at which time it becomes a water right. The license is the end product needed for continued use of this water.

Please call me at 208.334.2190, by September 28, 2012, to set an appointment for the exam. Please have ready information regarding the pump and motor and delivery system at that time in preparation for the exam. Thank you.

Sincerely,

Vicky Music
Sr. Water Resource Agent
