Hi Danni,

I spoke with the Bannock County Assessor and the quitclaim from Knudsen Poor was recorded as instrument 21201772, however there doesn't appear to be any record of the Cornelison Olsen Deed having been recorded. I spoke with the Madison County assessor also on the off-chance it was recorded there but they don't see anything either.

I think the deed from Cornelison Olsen may not have been recorded, but on the bright side the assessor doesn't see any deeds from them to anyone else either...

I left a message with Steve Smart at the City of Chubbuck and will let you know as soon as I hear something.

Thanks,
Jason

Looks good on the documents, however do you know if the special deed has been filed with the county? Deeds are accepted by the first "filed", so if you have a recorded stamped copy I could use it. I'll still change the ownership but would be cleaner if I know it's recorded. They keep me on my toes with rules here you know.

Hi Monica, Danni,

Please find attached the pdf applications prepared for the City of Chubbuck to change ownership and lease 29-14016 to the water supply bank through 2013 which may be extended depending upon their future needs. The water right was just recently transferred so forfeiture should not be an issue.

I understand you have already received the fees and original signatures. If you need anything at all to finish processing of the applications let me know.

Thanks,
