TO: Munro Transfer File

On September 19, 1984 I met Dorrian Munro and reviewed his family's transfer application and land list. I made several revisions in acreage amounts (upward) based on what he showed me. Take note on the map included in file that a pump station has been put in the NENW of Sec. 2 which powers sprinkler systems for a good portion of surrounding ground. The old ditches or remnants are still somewhat visible but will probably not be used in that area any longer.

Mr. Munro is also thinking of putting a pipeline (partial) in rather than maintain the entire ditch system.

-
- A hand-drawn map on a grid background. At the top, it is labeled "Rge. 42E.". On the left side, it is labeled "Twp. 15S.". A horizontal line runs across the middle. A wavy line representing a river, labeled "Bear River", flows from the top right towards the bottom. A vertical line with diagonal hatching runs parallel to the river. A point on this line is marked with a star and labeled "Point of Diversion". Below this, another point is marked with a star and labeled "Point of Diversion". A line labeled "Creek" flows from the top left towards the bottom. A line labeled "Eight Mile" flows from the bottom left towards the top. Numbers are written in various locations: "35" near the top right, "2" in two locations, "3" near the top left, "9" near the bottom left, and "16" near the bottom left. The map shows a network of waterways and specific points of interest.
