CONDITIONS OF APPROVAL

1. The right holder shall maintain a measuring device of a type acceptable to the Department, in the drain constructed between May 20, 1971 and December 1, 1982. This drain is the source of water for this right.
2. Diversion of water pursuant to this right shall not exceed the amount of water measured in the source drain.
3. Use of water under this right will be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 29.
4. This right when combined with all other rights shall provide no more than 0.02 cfs per acre nor more than 3.5 afa per acre at the field headgate for irrigation of the place of use.
