Hi Del:

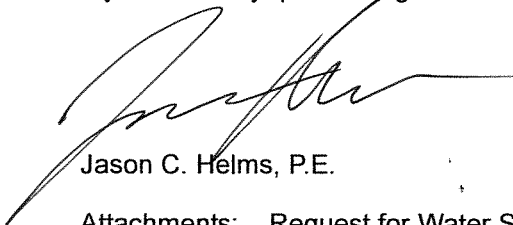

Included with this letter is the package for the Idaho Water Supply Bank to get the sold and transferred portions of the Wilcox water right (priority 7/19/1973) out of the water bank for use by Jefferson County (25-14382: 2.5 ac), County Line Farms (35-14280: 77.5 ac), and the City of Ammon (25-14380: 15.0 ac).

I have indicated that the portion now numbered 25-14381 (14.0 acres) parked at the Country Club Hills subdivision will remain in the bank until the end of 2013. The steady state impacts in the upper reaches associated with this right are shown below:

Model Volume [afa]	Model Node	Steady State Impacts by Reach

56.0	SP080159	3.6	6.0	23.9	21.0	0.5	0.5	0.2

Please sign the Lease Extension Request form included on the third page make a copy for yourself and forward the entire package to the Idaho Water Supply Bank address shown on the bottom of the signed form and attach a \$250 fee for the lease extension.

If you have any questions give me a call. Thanks,
