Mr. Squires,

I'm in the process of reviewing Application 63-33674 filed by Zoroco for a shallow ground water pond. From the diversion works you described along with the figures you have listed for the uses and reservoir capacity, it appears appropriate to make a couple of changes to the amounts and purposes of use in order for the applicant to get the most benefit they can.

Would it be possible for you to meet with me next week any time on Weds or Thurs (I have Tues afternoon available also) so we can discuss the matter and make whatever necessary amendments there are to the application? If so, just let me know what day and time works for you and I will mark it on my calendar.

Thank you for your help with this.
