

CONVERSATION MEMORANDUM

TO: File No. 23-11226

FROM: Darla Block

DATE: November 8, 2012

SUBJECT: Phone Conversation Regarding Proof Due for permit no. 23-11226-10408

Yesterday afternoon I received a phone call from Peter Taft (permit holder). Mr. Taft explained that he no longer owns the property associated with this permit. He sold the property to Richard Barnhard. Only (1) duplex has been built, and the water there has been in use since 2007.

The address for Richard Barnhard is:
PO BOX 34
17 JACKELOPE DR
IRWIN ID 83428

I informed Mr. Taft that he would need to file an Assignment of Permit form along with a \$25.00 filing fee with the Department in order to change the ownership of this permit into the name of Richard Barnhard. I directed Mr. Taft to our water right forms through the public website.

I also informed Mr. Taft that the new owner could then file the statement of completion form for partial use, and that an extension request would not be approved by the department given that the 10 year development period allowed has been exhausted.
