Re: SV Ranch LLC Transfers

Dear Mr. Merritt:

SV Ranch LLC is submitting four transfer applications at this time for water rights 37-7031C, 37-7029, 37-7030 and 37-7027. The purpose of these transfers are to correct the currently defined place of use (POU) of the water rights and to provide irrigation water to a proposed new pivot. All of the water rights have been partially decreed within the last five years.

The transfer for 37-7031C will correct the POU to match the current pivot configuration. The point of diversion (POD), beneficial use, ownership and period of use will not be changing with this transfer. The transfer fee for this transfer is based on 8.48 cfs and will be \$1,140.00.

The transfer for 37-7029 and a 5.6 acre portion of 37-7031C will correctly define the POU. The point of diversion for the 5.6 acre portion of 37-7029 will be changed to match the POD for 37-7031C. The ownership, beneficial use and period of use of these water rights will not be changing. The transfer fee for this transfer is based on 1.89 cfs and will be \$580.00.

The transfer for 37-7027 correct the POU to match the current field configurations. The point of diversion (POD), beneficial use, ownership and period of use will not be changing with this transfer. The transfer fee for this transfer is based on 0.34 cfs and will be \$500.00.

The transfer for the new pivot will transfer an 84.8 acre portion from 37-7027 and a 39.0 acre portion from 37-7030. The 123.8 acre pivot will be provided water from an existing well casing that will have a pump and motor installed after the transfer is approved.
